Leadergized and ProFMI Partner to Deliver Facility Management Training and Recognition

September 8, 2020 - Leadergized and the Professional Facility Management Institute® (ProFMI®) have announced a partnership to expand access to the [ProFM® Credential Program](#) to small and midsize businesses. Commercial real estate owners and managers need high quality facility management leadership capabilities to satisfy the growing industry demands resulting from the current pandemic and changing facility management and operations demands in this new business world.

FMs need knowledge and skills that go beyond traditional operations and maintenance as they manage large capital budgets, satisfy occupants, and support strategic organizational goals. COVID-19 has intensified the spotlight, with many FMs leading their organization's strategy and active response. This need will not change soon.

The ProFM credential is the top advancement in years to support the FM profession and the success of its professionals as well as the companies they represent. The ProFM Credential Program teaches Business, Asset and Risk Management, Operations and Maintenance along with Cross Functional Competencies required of facility professionals.

This [ProFM body of knowledge](#) comes from extensive research driven by more than 3,300 professionals spanning 93 countries. It aligns with the latest ISO 41000 series of standards and 147 of the U.S. Federal Buildings Personnel Training Act performance criteria, making the [ProFM® Credential Program](#) one of the top ranked FM training programs in the world. The program is very efficient, effective, accessible and delivers training, credentials, and recognition for facility managers.

Leadergized has assisted small and medium sized businesses for more than 30 years and is providing this facility management training and credentialing to prepare companies and their staff for any challenge, to increase efficiency and grow the bottom line, while helping individuals and organizations prove their commitment to excellence.
